Independently developed and deployed an online shop project with <2292ms LCP, 0.00 CLS, 0ms INP, 1ms FID, and 100 Performance of 93 Unlighthouse Score.

WORK EXPERIENCE

- OFFICE GEOLOGIST | OCT 2022 - PRESENT

ASTRA NAWA GRUP, JAKARTA

As an Office Geologist, I contribute to the success of large-scale mine development projects through strategic planning, budgeting, and exploration activities. My role involves collaborating with a dynamic team in an office environment to advance multi-million mining projects.

Key Achievements:

• Established document standards that significantly speeds up project completion rate by 2 documents per month/team.

• Spearheaded the creation of map templates and modeling procedures, establishing them as company standards. These standards has reduced each project bundling size to less than 1GB.

• Led a dedicated team of ten individuals, successfully completing urgent project of 72 documents within 2 weeks.
- EXPLORATION GEOLOGIST | AUG 2018 - JUL 2022

GEOSCAN EKSPLORASINDO UTAMA, BANDUNG

On-field geologist conducting exploration and feasibility studies for mine development.
- GEOLOGIST | AUG 2019 - SEP 2019

LAPI ITB, BANDUNG
